**INFORMATION ON THE REVALIDATION OF DYNAMIC POSITIONING  
OPERATOR (DPO) CERTIFICATES ISSUED BY THE NAUTICAL INSTITUTE**

***Action required: Members are invited to note information on the revalidation of dynamic positioning operator (DPO) certificates issued by the Nautical Institute, and to share it with their member companies that employ DPOs.***

Members are invited to note information on the revalidation of dynamic positioning operator (DPO) certificates issued by the Nautical Institute, and to share it with their member companies that employ DPOs. It sets out the options and scenarios for the revalidation of DPO certificates relevant in light of the end of the transition period on 31 December 2019.

The information from the Nautical Institute is provided at the **Annex**.

DPOs should have also received this information from the Nautical Institute (by being part of the scheme) or from their NI-accredited DP training centre.

Any questions may be forwarded to the undersigned ([stewart.inglis@ics-shipping.org](mailto:stewart.inglis@ics-shipping.org)), or raised directly with the Nautical Institute via its NI Alexis Platform ([www.nialexisplatform.org](http://www.nialexisplatform.org)).

**OFFICIAL MESSAGE – CIRCULAR**

<b>From:</b> NI/DP Department	<b>Number:</b> 003/2019	<b>Date:</b> 02/12/2019	<b>Number of pages:</b> 2
<b>To:</b> Dynamic Positioning Accredited Training Centres, DPTEG Members			
<b>Referent to:</b> Revalidation Criteria for 2020 Onwards			
<b>Subject:</b> Revalidation Options after 2019 with scenarios for revalidating before and after certificate expiry date			
<b>REVALIDATION CRITERIA FOR 2020 ONWARDS</b>			
<p>The Nautical Institute has developed a set of guidelines for those revalidating after the transition period for revalidation finishes on 31<sup>st</sup> December 2019. These guidelines are to provide information for those who have not yet revalidated their DP Certificate or are due to revalidate for a second time, and the actions required if they wish to revalidate. This guidance particularly applies to:</p>			
<b>DPOs with DP Certificates issued before 2012</b>			
1) Any DP Certificate issued <i>before</i> 2012 that does not have an expiry date will expire on 31 <sup>st</sup> December 2019.			
<b>DPOs with DP Certificates due for revalidation before 2020</b>			
2) Any DP Certificate issued <i>after</i> 2012 (and due to expire before 2020) that has not yet been revalidated will also expire on 31 <sup>st</sup> December 2019.			
<b>The following points apply to all DPOs who are revalidating their certificate</b>			
i) DP sea time can only be claimed while a DP Certificate is valid. Time completed after the DP Certificate expires cannot be used towards any revalidation.			
ii) A DPO can still apply for their revalidation after the expiry date, however the new certificate will only be valid for a period of five years from the previous certificate expiry date.			
iii) DPOs may apply after their certificate has expired if they have met the DP sea time requirements for revalidation while their certificate was valid. [This applies to revalidation based on 150 days or more of DP sea time, or revalidation based on less than 150 days of DP sea time, in which case, the person needs to complete the Simulator Course and a minimum of 30 days DP sea time].			
iv) If the DPO did not complete the required DP sea time for revalidation before the expiry of the certificate, then the following routes for revalidation are available for DPOs with an expired certificate:			
(a) Take the Revalidation Course without DP sea time. Standard rules for revalidation with the course still apply.			
(b) Take the Simulator Course with a minimum of 60 days DP sea time			
v) If a DPO cannot provide any evidence of the DP sea time within the last 10 years, or equivalent occupation or activities as recognised by the NI they will need to repeat their DP training starting with the Basic Course, and complete the training and sea time before a certificate can be issued.			
Please see below for example scenarios.
