**Subject:** IBIA Annual Convention 2020 - Postponed by one week

As our valuable sponsor and supporter, we cannot thank you enough for the time and preparation you have already dedicated to the success of the convention. As expressed already, we are privileged to have your participation.

We were really looking forward to opening the doors to our unique, custom-made 3D world to host our Annual Convention this week, but technology has not been on our side. Due to unexpected technical issues, the platform isn't working quite as intended and we don't want to go live until we are satisfied that it will.

We have therefore decided to postpone the IBIA Annual Convention 2020 by exactly one week, meaning it will open on Tuesday 10 November for exhibitors and networking. The regional panel debates with live Q&A will take place on Wednesday, and the global panels will run on Thursday. In addition, the platform will remain open on Friday for exhibitors, on-demand content and networking, giving you an extra day.

To put this in a different way: there is a problem with the conference venue, and to ensure we have a fully functional venue we need to postpone to ensure everything is working as it should.

This was not an easy decision, but we believe it was the right decision at this time. We have done everything we could to make it work to schedule.

Please accept our sincere apologies for this unplanned delay and any inconvenience caused.

We hope the new dates, and the extended running time, works in your favour.

If you have any questions, please do not hesitate to contact me at any time.

Kindest Regards

**Sofia Konstantopoulou**
